

Born With A Purpose

By Pastor Ernest Scott

In this day and time that we live in, many wonder why they are on this earth. Many go through life living with the feeling that there is something more significant to their existence, but they just can put their hands on it. Because of this issue in life, many turn to drugs, alcohol sex, and many other works of the flesh trying to suppress those inner feelings that plague their minds every day. Who am I? Did you know that you are the apple of God's Eye? And that you are created on purpose with a purpose. This literally means that you have an assignment on this earth. You are not just here to breathe air. You are here to fulfill your God-given assignment.

Through forming a relationship with God, you will discover the real you. The one who can grow continually and to move in the right direction. The direction that will bring constant gratification and improvement through going from faith to faith and from glory to glory!

Your relationship with God is based on you seeking to know him on a personal level. This means developing a place in your life for you and God.

And in this place, you will meet with him regularly for prayer and fellowship. You will talk to God, ask him questions, and wait for answers. You will pray and learn how to please your heavenly father.

You will see God in a new light, not the way the world sees him, and you will know that he is the almighty one. Developing this relationship that I am telling you about changed my life forever. And if you choose to receive what I am saying to you in this word today, it will also change your life as well.

Faith comes by hearing and hearing the word of God. So start by reading the bible continually. But don't just read it think about what you are reading, and try to develop a vision when reading it so the spirit of the Lord can take you on a spiritual journey. A journey full of spiritual blessings never seen before. A journey that will reveal things to you about life, family, and yourself that you never knew before.

And when God is ready, he will reveal the purpose and plan that he has for your life. Born with a purpose Article by Pastor Ernest Scott.
